Adult Groups To Be Offered Evening Courses

The opportunity for adults including young adults who have legally left the day school to take evening courses leading toward an adult high school Diploma will be offered again this year in ten evening adult centers according to Robert W. Fulton, Superintendent of Public Instruction, Palm Beach County Schools.

These evening adult centers for credit classes are located at Riviera Beach High School, Roosevelt High School, John F. Kennedy High School, Palm Beach High School, John I. Leonard High School and Carver High School on the coastal area.

In the Glades area, adults may take classes at Belle Glade High School, Lake Shore High School and East Lake School. In addition, plans are being considered for classes at Jupiter, Boca Raton and Pahokee High Schools. Classes at these three locations will depend upon whether sufficient local residents enroll.

At the same time, Mr. Fulton announced that the State Department of Education had allocated to Palm Beach County the equivalent of ten full time additional teachers for adult education classes. This is because of the increasing demand in Palm Beach County and in recognition of the improvements made in the adult education program in the past two years.

The classes offered are the general academic classes normally required for high school graduation but also include a special class in developmental reading at the Palm Beach High Center as well as classes in typing and shorthand at a number of the Centers.

Interested adults may enroll at the Center nearest their home during the evenings of August 28, 29, 30 and 31 from 7:00 p.m. to 9:00 p.m. or they may enroll at the Adult Education Office at 721 Gardenia Street at any time from 8:30 a.m. to 10:00 p.m., Monday through Friday, and their registration record will be transferred to the Center which they prefer to attend.

There is no tuition charge but a registration fee of \$3.00 is collected for each course. In addition, adults purchase their own books.

A. J. Gamot, Jr., To Seek Law Degree

Mr. and Mrs. A. J. Gamot, Jr., and daughter, will leave in a few days for the University of Mississippi where young Gamot will enter law school and Mrs. Gamot will enter the University after attending Palm Beach Junior College last year. Mr. Gamot was graduated from that University a few years ago and has been in the insurance business and was an instructor in local schools before making up his mind to seek his law degree.

September 1 is set for the opening day of the 1967-68 school year, with Monday, August 28, scheduled as Registration Day for the Palm Beach County public school system.

Here are the regulations for both elementary and secondary schools, released in a statement from County School Superintendent Robert W. Fulton. Individual schools with a different procedure have been notifying parents by mail.

All elementary school students (Grades 1-6) will be required to register between 8:30 a.m. and 12 Noon, August 28. Secondary school students required to report, will be those who attended a different school last year. That includes students who have chosen another school within the county from the one they attended last year. It also includes students moving their residences to Palm Beach County from other counties and States, as well as those who have been promoted into junior high schools (Grade 7) and senior high schools (Grade 10) this year.

All such junior and senior high school students must report punctually at 8:30 a.m. August 28, ready for orientations to the entire groups. (Secondary schools using a different procedure have been notifying parents by mail.) Any inquiries should be made to individual schools NOT to the Superintendent's office, West Palm Beach.

Legal requirements: a child must be six before January 1, 1968. Parents should note that a child must enter first grade within the first month of the school year or he will not be admissible during the school year.

Length of school day for first graders during the first month is one hour less than the normal school day. As regards to actual times for the beginning and ending of school days, parents need to check with individual schools since these times vary between schools, due to transportation and other problems.

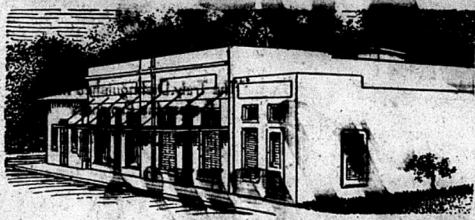

A school year is 180 school days. End of the 1967-68 school year will be June 6, 1968.

Sherri Burgess To Receive Award At Farm Bureau Meet

GAINESVILLE—August 21—The city of Clewiston will be the site of the first of five important policy development meetings, August 29, (Tuesday) according to an announcement today by FFB officials.

"All south Florida farmers interested in the development of Farm Bureau policies for the coming year are invited to meet in Clewiston for a full day of discussion of policies and problems most important to them," Art Karst, FFB president said in announcing the meeting.

The meeting will be held at the Clewiston Inn beginning at 10:00 a. m.

In announcing the Clewiston meeting, Karst pointed out that Farm Bureau policy "should and does begin at the grassroots level and urged all area farmers to attend."

Besides the policy development discussions, a highlight of the Clewiston meeting will be the presentation of a \$1,000 scholarship award to Sherri Burgess, Belle Glade, who recently was chosen first place winner, girls' division, of the annual Winn-Dixie-Florida Farm Bureau Federation scholarship competition.

"Farm Bureau policy development meetings are held so that county Farm Bureau representatives can gather to discuss those important local, state, and national issues which the farmers themselves feel most affect their particular areas of interest," Karst said.

Following the Clewiston meeting, and four other district meetings to be held throughout Florida in coming weeks, Farm Bureau representatives will return to their home counties for further discussion on issues at county Farm Bureau annual meetings.

Each county Farm Bureau is asked to draw resolutions to be acted upon at the annual Florida Farm Bureau Federation state convention. This year's convention will be held in Hollywood Beach, November 5-7.

"Unlike many organizations today," Karst explained, "Farm Bureau direction begins from the bottom and goes to the top. It is at the 'grassroots level' that our policies are decided. We are proud of this policy development procedure and hope that the Clewiston meeting will attract farmers from throughout south Florida," he concluded.

Similar day-long policy development meetings are slated in Winter Haven, August 30; Gainesville, August 31; DeFuniak Springs, September 6 and Tallahassee, September 7.

Mrs. Evie Keen spent the past weekend in Sebring with her sister, Mrs. Lola Williams.

Boundaries Set For ASC Committee Elections

E. E. Cooper, Chairman, Agricultural Stabilization and Conservation County Committee, today designated the boundaries of each community within the county where elections of ASC community committees will be held in September. The elections will be held by mail balloting September 18-22.

Boundaries of the various communities where elections will be held are: Coastal—the area east of Twenty-Mile Bend; Belle Glade—the area west of Twenty-Mile Bend to the Hendry County line, south to the Broward County line, and north to Pelican Bay; Pahokee—the area north of Connors Highway to the Martin County line and west to Lake Okeechobee. These are the same ASC communities used in the 1966 elections.

The Chairman reminded farmers that the elections will choose three committeemen and two alternates for each community. The chairman, vice-chairman, and third regular member of the elected ASC committee will also serve as delegates to the county convention to be held soon thereafter, where farmers will be elected to fill vacancies on the ASC county committee. The alternate committeemen will serve as alternate delegates to the convention.

Farmers eligible to cast ballot in the community committee election will be all those who are eligible to participate in one or more of the national farm programs which the committeemen help to administer locally. The farmer may be an owner, tenant, or sharecropper. Persons not of legal voting age who are in charge of the farming operations on an entire farm are also eligible to vote in the elections. Eligibility to vote—or to hold office as a committeeman—is not restricted by reason of race, color, creed, or national origin.

Election notices will be sent to all eligible voters of record.

Summer School Is Completed In Four Areas

The 1967 Palm Beach County Academic Summer School was held in four geographic centers; Palm Beach High School, Pahokee High School, Riviera Beach High School, and Seacrest High School. The respective principals were Mr. Robert Pickens, Mr. James Threlkeld, Mr. Albert Hadnott and Mr. Robert Riggs, members of the Roosevelt, and Pahokee High School, Northshore Elementary, and Forest Hill High during regular school year work.

A total of 1,256 students enrolled at Palm Beach, 113 at Pahokee, 261 at Riviera Beach and 280 at Seacrest. Twenty-three students were enrolled who normally attended school outside the Palm Beach County but within the State of Florida. Seventeen students enrolled who normally attended school outside the state. One thousand one hundred and fifty-six students successfully completed the summer program, 110 failed and 69 withdrew before the end of the term.

A total of 54 teachers taught 41 different courses at the four centers. These courses included English at each secondary level, and comprehensive offerings of the sciences, mathematics and social studies. Some modern foreign languages were also offered at the Palm Beach High center.

The purpose of the academic summer school is two fold: to provide those students who have failed during the regular year the opportunity to successfully complete their regular year's program and enable other students an opportunity to take enrichment or advanced work. The program is self-supporting with all expenditures made from fees collected by the students. Fees collected were \$36.00 for one credit of work and \$24.00 for 1/2 credit of work. Collections by areas were:

Pahokee \$174.00, Seacrest \$7,127.00, Riviera Beach \$8,311.00 and Palm Beach \$22,778.40 for a total of \$38,390.40. The fees were paid into the Palm Beach County School Board treasury and expenditures were disbursed by the county staff as provided for by law and regulations. Texts, equipment and supplies were furnished by the individual school centers.

America needs
your help.

There is a new plan for Americans who want to help their country as they help themselves. Now, when you buy U.S. Savings Bonds through Payroll Savings where you work or the Bond-a-Month Plan where you bank, you are also entitled to purchase the new higher-paying Freedom Shares. They are available on a one-for-one basis with Savings Bonds in four denominations and are redeemable after one year. Sign up soon.

Questions and answers about Freedom Shares.

- What are Freedom Shares?
- They are the new U.S. Savings Notes—a companion product to the Series E Savings Bond.
- Who may buy Freedom Shares?
- Any individual who purchases Series E Bonds regularly through a formal plan—either Payroll Savings where he works or Bond-a-Month where he banks.
- What is the interest rate on Freedom Shares?
- 4.74% compounded semiannually, when held to maturity of 4 1/2 years. The rate is less if redeemed prior to maturity; and they may not be redeemed for at least one year.
- Does this same rate now apply to E Bonds?

A. No. E Bonds continue to return an average of 4.15% when held to their seven-year maturity.

Q. What do Freedom Shares cost?

A. They are issued in face amounts of \$25, \$50, \$75, and \$100. Purchase prices are \$20.25, \$40.50, \$60.75, and \$81.00.

Q. Can Freedom Shares be bought by themselves?

A. No. They must be bought in conjunction with E Bonds of the same or larger face amount. For example, a \$25 Freedom Share may be bought with a \$25 E Bond, when on a regular plan. The total price would be \$39 (\$20.25 for the Freedom Share and \$18.75 for the Bond).

Q. Can I buy as many Freedom Shares as I want, as long as I buy E Bonds of the same or larger amounts?

A. No. On Payroll Savings, Freedom Share deductions are limited to \$20.25 per weekly pay period, \$40.50 per bi-weekly or semi-monthly pay period, \$81.00 per monthly pay period. On Bond-a-Month, the limit on Freedom Share deductions is \$81.00 per month.

Buy Bonds where you work.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years... are replaced free if lost, destroyed or stolen... have special tax advantages... can be redeemed whenever the need arises.

Law Enforcement Classes Start September 11

Law enforcement courses with
full college credit will be offered in
the Glades area for the first time
this fall through a special arrange-
ment recently completed by Palm
Beach Junior College.

The first class will meet Monday,
September 11, 7 to 10 p. m. at
Belle Glade High School, with ap-
plication and registration proce-
dures to be handled on the spot at
that time.

The first course will be the reg-
ular college course, PO 100, Intro-
duction to Law Enforcement. The
instructor will be Larry Tuttle, who
heads the Law Enforcement pro-
gram at FBJC.

The class will continue to meet
on Monday evenings, with Police
Administration I and II planned
after Christmas.

If interest continues at the pre-
sent level, Tuttle said, the first year
courses will be followed next fall
and spring by Criminal Investi-
gation, Laws of Arrest, Search and
Seizure, and Criminal Law.

"The course should interest full
and part-time law enforcement per-
sonnel, government officials who
may have something to do with ad-
ministering a police department,
students of police work, or those
who wish to determine whether
they would be interested in Law
Enforcement as a career," Tuttle
said.

"Cooperation from law enforce-
ment officials in the Glades has been
all we could wish," Tuttle said.

He mentioned especially Wil-
liam Mathis, Deputy Chief of Police
at Belle Glade, Charles Godlett,
Belle Glade Chief, Charles M.
Brown, Pahokee Chief, and Lt.
Claude A. Tindall, detachment com-
mander of the Palm Beach County
Sheriff's office.

Credits earned at the courses may
be used in all programs at FBJC,
and are transferable into the Social
Science program at Florida Atlan-
tic University, or in the Criminol-
ogy course at Florida State Uni-
versity.

Total cost for the first course will
be less than \$30, including books
and materials, Tuttle said.

Chance To See New Varieties Of Sugar Cane

F. LeGrand, of the Everglades
Experiment Station in Belle Glade,
would like for sugar cane growers
to visit his sugar cane variety se-
lections and plot demonstrations
of new varieties being considered
for possible future releases.

This will be held Thursday morn-
ing, August 31, at 10:00 a. m. at
the Florida Sugar Corporation
plantings. On arrival, ask the
guard as to their locations.

This will be an opportunity for
growers to observe some of the

NEW FREEDOM SHARES

What are they? Who may buy them?

Americans have put their savings to work for freedom through U.S. Savings Bonds for many years. New Freedom Shares do the same job . . . plus. Read how.

Freedom Shares are U.S. Savings Notes. They pay a higher return than Savings Bonds, 4.74% when held to maturity. And they mature in just four-and-a-half years.

For regular Bond buyers only

These new Freedom Shares—which are not redeemable for the first year—are offered on a one-for-one basis with E Bonds, but only to people who belong to the Payroll Savings Plan where they work or the Bond-a-Month Plan where they bank.

There are four denominations of Freedom Shares, each of which may be paired with a Series E Bond of the same or larger denomination, as a "package." For instance, for

\$39 total, you can purchase a Savings Bond that matures at \$25 and a Freedom Share that matures at \$25.

America needs your help

When you buy Savings Bonds and Freedom Shares you do an important job for freedom, backing our men in Vietnam and helping to keep the country economically strong. The need is urgent. What you do counts.

Sign up

Tell your supervisor or the Payroll Department where you work (or any officer where you bank) that you'd like to join a Bond purchase plan. Decide how much you'll save . . . whether you want Freedom Shares as well as Bonds . . . and just sign the authorization card.

You'll be helping your country as you help yourself; the country needs your help.
